OUTLINE	SCRIPT
Greet and introduce topic	Good morning, everyone. I'm going to take you on a microadventure around my neighborhood. I usually ride my bicycle home from college, but this time I decided to take a different route. I walked and caught the tram home. Here are some photos from my microadventure.
Describe photo 1	This first picture shows the outside of a circus school. I had no idea it was even there. The murals are definitely <i>strange</i> —who has ever seen two birds riding a bicycle before?
Describe photo 2	On my way, I came across a hen and a family of chicks. I wonder if they have escaped from someone's backyard. The chicks look very <i>soft</i> to the touch.
Describe photo 3	This next photo is of my tram speeding past as I approached the tram stop. It was way too <i>fast</i> for me to catch. Luckily, I only had to wait a few minutes for the next one.
Describe photo 4	On my way to the tram stop, I passed a store with some <i>small</i> seedlings for sale outside. Here in this picture, you can see they have all types of seedlings, flowers, and vegetables.
Describe photo 5	In this next photo, I'm sure you can guess which word it represents. Yes, that's right, this is "smelly." I don't know why people put their trash next to the bin, instead of inside it.
Describe photo 6	In this photograph, you can see the park just outside my front door. Every time I step outside, I think "bright" because the sun is always shining down—I always need my sunglasses.
Describe photo 7	The next photo here is a <i>flat</i> soccer ball someone has thrown away, lying next to a fire hydrant.
Describe photo 8	Finally, this last photo is of a luxury car showroom. This sports car is <i>amazing</i> —I love the color. When I win the lottery, I'll buy this one.
Describe how you feel about the microadventure and conclude	To conclude, it was interesting to discover new things on my microadventure. I really enjoyed taking the time to look at what was around. I think sometimes we go too fast to notice things. It can be good to slow down from time to time.
